Top scores on malware detection and usability: Cheetah Mobile gets high marks on device protection and usability from the security and antivirus research firm.. Cons Adds duplicate shortcuts and unwanted app: After installation, the app puts a duplicate Clean Master shortcut icon on the Android home screen and an unwanted 1 Tap Boost shortcut.. Bottom Line Cheetah Mobile Clean Master does a solid job of guarding your phone, but its misleading messages, nagging notifications, and attempts to upsell you to other apps and services make it as much a nuisance as a help.. Protect your privacy and enhance your phone security with Clean Master's (Boost & Antivirus) real-time protection that is powered by the world's #1 antivirus engine.. Boosts speed and improve the performance of your phone Keep your phone clean and fast with Clean Master.. The popular Cheetah Mobile Clean Master earns high marks for antivirus protection and usability, but the price of this free app is pushy self-promotion. b0d43de27c [Download free Copiar Y Pegar Texto De Un Pdf](#)
